Dear Kathy,

Hope you are having a good time in England, after Wilmington.

As of now the only extra medical appointment I have in January is the last Wednesday. You know my regular schedule and I don't have to be here for you to use the files. Days you picked OK.

I do, by the way, have files of Hoover clippings. Didn't mention them.

The Xams card to the Portugese Nazi may be there.

This morning's Wx Ppost reminds me that I heard Tony collaborated on a book with Tom Mangold. He phoned me some time ago, we had a long talk, I told him he can have access to just about anything, he said he wanted me to read several of his books that he'd send, I started collecting copies for him, heard nothing from him, wrote him and got no response, so I stopped collecting things for him. You know my situation.

So, if Tony is in touch with him and he still intends for me to read those books, no need to include The Tunnels of Cu Chi. I'd read it and hadn't connected it with him.

Excellent book, too.

Best wishes,

Harold
